KNOW US?

MEDICA EXPORT is a vertically integrated pharmaceutical company, we manufacture and sell high quality and affordable Bulk Drugs (APIs), Drug Intermediates, Finished Formulations, Veterinary, Surgical Products, Orthopedic Care and Ayurvedic medicines.

MEDICA was established in 1988 by Pharma Industry veteran Mr. Navid Fangari as a pharmaceutical distribution and retail firm based in Mumbai, India. Later on we diversified into manufacturing and export under the brand name Medica Pharma and Medica Export respectively.

We are strategically located in a country which exports more than \$20 Bn worth of pharma products to the world annually. We provide value and quality to our customers every day and devotes extensive efforts to provide medicines in Global market. Our products are formulated using high grade raw material as per the requirements of pharma and chemical industries. These are hygienically processed, effective, non toxic and are used for curing asthma, cardiovascular diseases, bowel constipation, hypertension, fungal infections and allied diseases.

Our team consists of experts from ICT (Institute of Chemical Technology, India) & IIM (Indian Institute of Management) to take care of quality of products and seamless execution of deals.

We have a global footprint with client base in following counties:

As a responsible healthcare products provider, we are committed to promoting a culture of ethics and integrity in all our activities. Our goal is to improve lives and to create a healthier world.

DRUG INTERMEDIATES

Drug intermediates are used as raw materials during the manufacture of bulk drugs. These intermediates can also be referred to as the material produced at the time of synthesis of an active pharmaceutical ingredient (API). However, the API must undergo additional molecular processing or changes before becoming a final product.
